

## TECHNICAL DATA SHEET - TECHSPAN "MINI CS" EXTRUDER WELDER

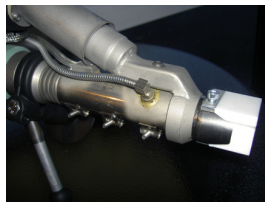

DX247 Techspan Mini CS Extruder Welder - compact & lightweight with advanced features

- High quality heavy duty Extruder Welder
- Compact with integrated air supply
- Dual electronic control for pre-heating & melt
- Accepts 4mm plastic welding rod
- Tempered steel screw & barrel
- No wearing parts on rod feed system
- Welding shoe rotates 360 degrees
- 1.1 kg/hr with 4mm rod
- For welding : PE, PP
- 2 year extended warranty \*

Easy to use thanks to compact ergonomic design and low weight

Separate heating and control of extrudate and pre-heating air

Welding shoe is easily rotated a full 360 degrees

Integrated 'quick-flip' stand for easy and safe standing

Full range of standard welding shoes and blanks for special weld shapes

Weld rod de-reelers for easy rod handling

Advanced German engineering. Compact & very robust design with decisively less wear points than other extruders. Patented temperature measurement. Built-in stand. Adjustable handle positions. Welding shoe rotates full 360 degrees for superb handling and versatility. Full range of welding shoes. Optional rod de-reeler and full range of welding rods available.

### Technical Data

Voltage	V	120, 230
Frequency	Hz	50/60
Welding Capacity, max	kg/hr	1.1
Power Consumption	kW	2.2
Airflow	l/min.	300
Welding Rod	mm	4
Dimensions	mm	443 x 94 x 255
Weight	kg	4.2

\* Warranty does not cover heating elements or normal wearing parts.
